

An underwater photograph showing the surface of clear blue water. The surface is slightly rippled, and numerous small, clear bubbles are visible just below the surface, creating a dynamic and textured appearance. The lighting is bright, highlighting the clarity of the water.

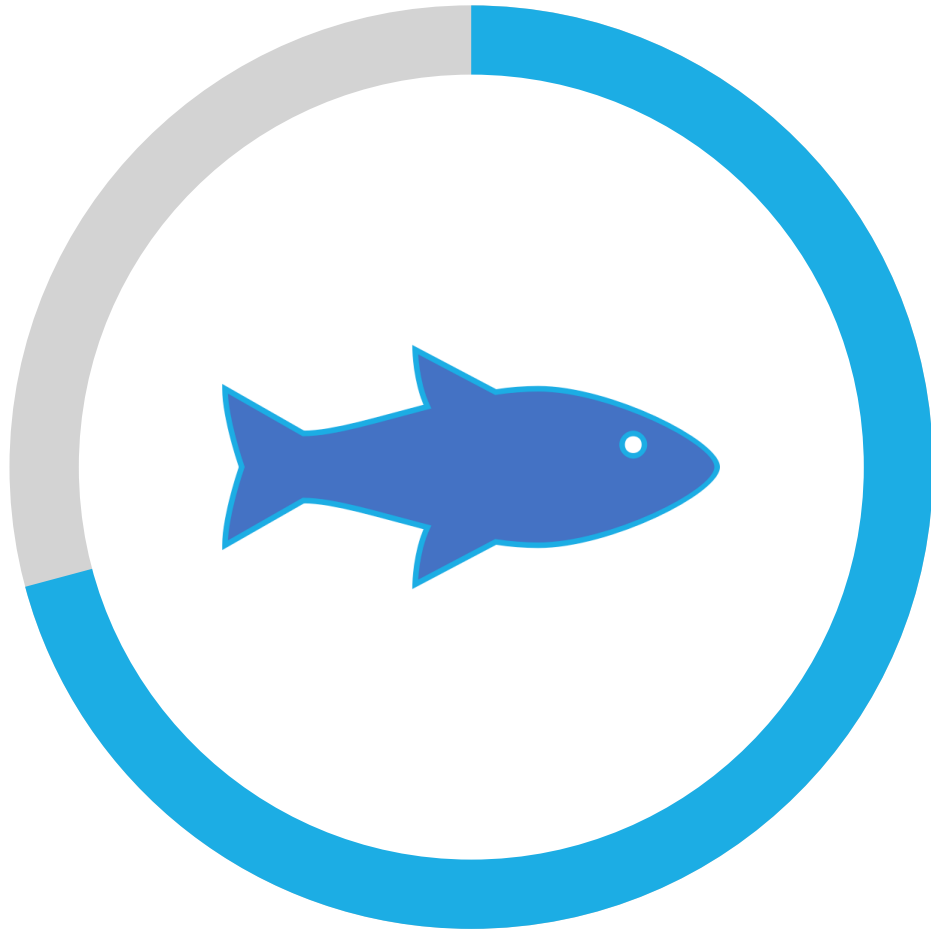

Bodies of Water

OCEANS, RIVERS, & LAKES

Water

WHAT DO YOU THINK ABOUT WHEN YOU
HEAR THE WORD 'WATER'?

The Ocean

- Largest body of water
- Salt water
- Contains life
- The ocean covers nearly 71 percent of Earth's surface.

MAP OF THE WORLD

Key:
B= Blue
G= Green

Fill in the Map of the
World

- 2) Get a sheet of paper
- 3) Color G areas green
- 4) Color B areas blue
- 5) Write your name
- 6) Finished? Clean off desk

Lake

Fresh water

Still

Surrounded by land on all sides

An aerial photograph of Lake Sakakawea, showing a vast expanse of blue water surrounded by rolling green and brown hills. The lake is characterized by numerous islands and peninsulas, some of which are densely forested. The water reflects the sky, and the overall scene is a mix of natural beauty and human-made infrastructure.
